Field
Poslovne in upravne vede, pravo

ISCED subfield

subfield interdisciplinarne izobraževalne aktivnosti/izidi, pretežno poslovne in upravne vede, pravo

Qualification level

SQF 8
EQF 7
Second level

Learning outcomes

The qualification holder will be able to:

- independently resolve the most complex and non-routine technical problems that require an advanced analytical approach to defining problems and searching for the optimal solutions,
- perform the most complex technical, research-analytical and management tasks in business practice,
- search for new sources of knowledge in the relevant professional and academic field,
- apply modern interdisciplinary scientific research methods and solve problems in new, atypical situations and changed circumstances,
- take responsibility for managing highly demanding transactions and projects,
- create effective work teams to resolve the most complex technical problems in the context of responsible and ethically correct behaviour.

Assessment and completion

Examination performance is graded as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5–1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).

Progression

Students progress to the second year if they have passed all first-year examinations and gained at least 40 credits, and they must have passed examinations in the following subjects: Management of IT Activities, Financial Law and Human Resources Management.

Transitions

Third-cycle doctoral study programmes (SQF level 10)

Condition for obtaining certificate

Students must meet all requirements defined by the study programme to complete their studies.
