Name of qualification Magister profesor slovenistike in .../magistrica profesorica slovenistike in ...

Translated title (no legal status) Master of Arts in teaching Slovene studies and ...

Type of qualification Diploma druge stopnje

Category of qualification Izobrazba

Type of education Master's education

Duration 2 years

Credits 120 credits

Admission requirements

- a diploma in the field of Slovene studies from a first-cycle study programme; or
- a diploma from other professional fields from a first-cycle study programme, if the candidate completes the study obligations that are essential for the continuation of studies before enrollment. Study obligations in the amount of up to 60 credit points (ECTS) are determined by the competent commission of UP FHŠ on the basis of the individual application of the candidate, taking into account the field of previous study. The prescribed obligations may be fulfilled by the candidate during the study at the first-cycle, in further training programmes or other forms of formal education or by taking examinations before enrollment in the master's study programme; or
- a diploma from other professional fields from a academic higher study programme or specialist study programme after completing professional higher education, adopted before 11 June 2004, if the candidate completes study obligations prior to enrollment, which are essential for the continuation of studies. Study obligations in the amount of up to 60 credit points (ECTS) are determined by the competent commission of UP FHŠ on the basis of the individual application of the candidate, taking into account the field of previous study. The candidate can fulfill the prescribed obligations in further training programmes or other forms of formal education or by taking exams before enrolling in a master's study programme; or
- a diploma in a comparable study programme abroad, according to which the candidate, in accordance with the law, is granted the right to continue his / her education in the study programme.

Assessment and completion

Examination performance is graded as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5-1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).

Progression

To progress to the second year, a student must complete study obligations in the amount of at least 54 ECTS from first year subjects, whereby the missing 6 ECTS may not belong to compulsory subjects, but may be internally elective subjects or externally elective subjects.

Transitions

Third-cycle doctoral study programmes (SQF level 10)

Condition for obtaining certificate

When students complete all obligations under the study programme for obtaining an education (collects 114 ECTS by taking exams and study practice and 6 ECTS by preparing a final thesis), students complete the studies by defending the final thesis. By the end of the winter semester of the first year, students choose the topic of the master's thesis and the mentor (among the habilitated holders of all compulsory or elective Slovene subjects or holders of pedagogical subjects). The obligation of the final task includes the preparation of the thesis and its successful public defense.

During the study, students must collect 60 ECTS with subjects from the pedagogical field. After successfully defending the final thesis, students receive a diploma, which is a public document. An integral part of the diploma is the "Diploma Supplement".
