Accessors

Verification and assessment are carried out by committees for the verification and validation of national vocational qualifications, appointed by the National Examination Centre (NEC). Committee members must be licensed by the National Examination Centre. Licences may be found [here](#).

Assessment and completion

VALIDATION

During the guidance process the candidate prepares a portfolio, which is assessed by a committee. If the portfolio submitted by the candidate contains authentic, valid and adequate proof of the knowledge, skills and competences defined in the occupational standard, the committee may:

validate the contents of the occupational standard in full,

validate the contents of the occupational standard in part and define the knowledge, skills and competence to be verified,

refuse to validate any of the contents of the occupational standard because the candidate has not provided proof of any of the knowledge, skills and competences defined in the occupational standard, in which case it will verify the occupational standard in full.

METHOD OF VERIFICATION OF PROFESSIONAL KNOWLEDGE AND SKILLS

Written verification and

- Practical verification with an oral presentation and
- practical examination with defence

The written examination represents 50% of the total examination mark, with the candidate having to score at least 60% in the written part as a condition for taking the practical examination with a defense. In a practical task selected by the verification committee, the candidate demonstrates mastery of the required professional competences according to the criteria of the occupational standard, using data from public records. In addition to the practical task, there is also an oral defense, which includes a test of knowledge in accordance with the occupational standard.

Condition for obtaining certificate

Candidates demonstrate attainment of the knowledge, skills and competences defined in the catalogue of standards of vocational knowledge and skills.

Awarding body

Providers of procedures for identifying and validating NVQs are entered in a register of providers maintained in the collection of the national information centre for vocational qualifications. These are: vocational schools, businesses, B2B training centres, adult education centres and chambers of commerce.
