- demonstrate understanding of and proficiency in basic forms of professional deaf/hearing impaired

- education and visually impaired education in connection with deaf-blind individuals,
- carry out analysis in the fields of speech therapy and deaf/hearing impaired education in order to develop own practical experience.

Assessment and completion

Students' knowledge is assessed by means of practical exercises and seminar papers, and also via products, projects, performances, services, etc. and by examinations. Examination performance is scored as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5-1 (inadequate). In order to pass an examination, a candidate must achieve a grade between adequate (6) and excellent (10).

Progression

A general condition for progression from one year to the next is the completion of at least 54 credits. A further condition for progression is the completion of all practical exercises and all other forms of practical pedagogical training. Students must make up missing credits from a previous year during the following year at the latest.

Transitions

Second-cycle master's study programmes (SQF level 8)

Condition for obtaining certificate

To complete their studies, students must complete all credits envisaged in all parts of the programme (compulsory, elective, etc.). Students complete their studies with a presentation and a defence of a diploma project.

Awarding body

University of Ljubljana, Faculty of Education
