Candidates will be able to:

- plan and organise their own work and the work of others,
- make rational use of energy, material and time,
- receive and analyse various information and technical documentation,
- select drivers for the transport of goods and supervise and ensure provision of goods transport,
- draw up a plan of drivers and vehicles, plan passenger transport services and supervise and ensure implementation of passenger transport,
- manage accounting and transport documentation and keep various records,
- record damage, accidents and irregularities and send vehicles for scheduled technical inspections,
- communicate with management, co-workers and drivers,
- use information and communication technologies,
- protect health and the environment.

Assessors

Verification and assessment are carried out by committees for the verification and validation of national vocational qualifications, appointed by the National Examination Centre (NEC). Committee members must be licensed by the National Examination Centre. Licences may be found [here](#).

Assessment and completion

VALIDATION

During the guidance process, the candidate prepares a portfolio. The relevant committee assesses the portfolio and validates catalogue content in part or full. If the committee is unable to recognise all catalogue content, it assigns tasks to the candidate for verification.

VERIFICATION METHOD

Written test and practical verification with an oral presentation.

Condition for obtaining certificate

Candidates demonstrate attainment of the knowledge, skills and competences defined in the catalogue of standards of vocational knowledge and skills.

Awarding body

Providers of procedures for identifying and validating national vocational qualifications are entered in a register of providers maintained in the relevant database of the National Reference Point for Occupational Qualifications. Providers include: vocational schools, companies, inter-company training centres, adult education centres, chambers of commerce, etc.
