Assessment and completion

Students' knowledge is assessed by means of practical exercises and seminar papers, and also via products, projects, performances, services and otherwise, and by examinations. Examination performance is scored as follows: 10 (excellent); 9 (very good: above-average knowledge but with some mistakes); 8 (very good: solid results); 7 (good); 6 (adequate: knowledge satisfies minimum criteria); 5-1 (inadequate). In order to pass an examination, the candidate must achieve a grade between adequate (6) and excellent (10).

Progression

Students progress to the second year if they have successfully completed all subjects from the first year and prepared a written report on practical training.

Transitions

First-cycle study programmes (SQF, level 7)

Condition for obtaining certificate

Students receive a diploma when they have completed all compulsory modules and subjects totalling 105 credits, an elective module totalling 5 credits and a diploma thesis (5 credits).

Awarding body

Higher vocational school in cooperation with employers providing practical training.
