Accessors

Verification and assessment are carried out by committees for the verification and validation of national vocational qualifications, appointed by the National Examination Centre (NEC). Committee members must be licensed by the National Examination Centre. Licences may be found [here](#).

Assessment and completion

Candidate's portfolio

Candidates may also prove their knowledge and skills with the appropriate documents:

- certificates from state-approved education programmes,
- certificates from tests of professional competence (state-approved documents under earlier traffic regulations);
- certificates of competence or other documents demonstrating the attainment of the standard of knowledge and skills from this catalogue which candidates have obtained in other EU countries.

The knowledge of a candidate undergoing full verification is verified in writing in all thematic categories with examination questions structured in various ways (40% in the form of a test, 60% in the form of open questions or tasks in which the candidate demonstrates their knowledge and understanding of technical content), in accordance with the catalogue of standards of professional knowledge and skills.

Partial verification of knowledge and skills is determined by the examination panel on the basis of the candidate's portfolio. Verification is prepared with regard to already acquired knowledge and the knowledge and skills which the candidate must demonstrate during verification in accordance with point 4.2.

Condition for obtaining certificate

Candidates demonstrate attainment of the knowledge, skills and competences defined in the catalogue of standards of vocational knowledge and skills.

Awarding body

Providers of procedures for identifying and validating national vocational qualifications are entered in a register of providers maintained in the relevant database of the National Reference Point for Occupational Qualifications. Providers include: vocational schools, companies, inter-company training centres, adult education centres, chambers of commerce, etc.
